<b>Description of change:</b>  Brodersen will terminate the production of some RTU8 products variants. The production is terminated because the product series are older and more and more components used in the RTU870 design are being obsolete. Only the 28IO version (type UCR-28IO/RTUxxxx) are continued in order to support spare parts deliveries. Power supply options 11, 12, 21, 22, 40, 50 and 60 are also discontinued.	
<b>Scheduled date of changes:</b>	Last order date / last time buy: 31 March 2014  Last delivery date / last shipment: 30 June 2014
<b>Alternative/replacement products:</b>	No direct replacement products. RTU8 in 28IO version and RTU32 Series products covers in general the discontinued RTU8 product features.
